Nowadays Many EFL Students are in search of more conversational ways to pick up new concepts in the English language students want classes tailored to their personal needs and interests. The days of passively sitting in a classroom are long gone. Instead you want to be involved in the classroom, interact with your classmates, as well as talk about topics that help you to develop, not only in the English language, but also on a personal level. One of the best ways to do that is by creating truly personalized English classes. For that reason we have created the Creative English Advanced workbooks. Creative English Advanced is a truly personalized and conversational way to take that next step, by focusing on the student, and involving the student. Each workbook can be used for 12 focus topics (to be chosen by the student) that connect to the English student. Each topic will start off with some great discussion questions, to be created by the teacher and student(s), followed by an interesting reading, as well as a truly custom designed activity. This workbook has been specially created for classroom use. (This book has been created to support EFL / ESL teachers, and is being used by Creative English Institute, this is not a book that can be used for self-study, this book is not for lazy teachers and/or lazy students. Together you create a personalized workbook).
