Brand New Book ***** Print on Demand *****.Creation versus Evolution: The great debate that rages on. Theory after theory after theory is proposed, with not even a hint of middle ground from either of the two opposing camps. To not be able to come to a definitive answer or conclusion for our human origins quite simply means that they do not know. It s all guesswork. The clear reality for both sides of this ultimately foolish and corrosive debate is that we humans are here on earth. We exist, we are here. Descartes: I think, therefore I am. So irrespective of Bible Scripture, theological musing, empirical scientific skepticism or any other notion, the very fact that we are here on earth very logically means that only one process - obviously the same for all races - actually brought it about. Moreover, to decide or conclude that we can never really know is a nonsense-notion. For it is not possible for a question to not have an answer. Of course we can know. Is that not our purpose on earth; to know? If not, what is the point? The crucial Bible Scripture: BUT MAN BECAME A LIFE-CONTAINING SOUL - actually provides the key for both science and Christian fundamentalism. It reveals that the quantum leap from primate to human was not one given life by human genetics through simple brain development by normal but slow evolutionary processes . It was a quantum leap precisely because a new and very different Life-force and power was required for humans to be human, completely distinct and very far removed from the animal primate. The Bible thus notates and explains the human/chimp split a very long time before science...
