Reviews

The most effective publication i at any time read. We have study and i am sure that i will likely to read yet again once again in the foreseeable future. You will not truly feel monotony at anytime of your time (that's what catalogs are for about in the event you request me).

(Mr. Rafael Hoeger)

Gfsmith Books, United States, 2015. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book ***** Print on Demand *****.SMARTPHONE CONNECTS DIRECTLY TO HUMAN BRAIN . This is one story that seems to be going to everyone s head, literally! Apparently, Smartphones can now be interfaced-connected-directly with the Human Brain. The news streams are a-stir with this breaking buzz and legitimate sources are confirming it s true! . They re calling it Smartbrain: your Field of Vision is the Monitor; Images, Motion, and Sound feed directly into your neural pathways; Activation, Operation, and Navigation accomplished by your thoughts; a plethora of Apps and Cloud Sources, under development. Many are already saying that this will be the technological game-changer of the century. But ask yourself, who in their right mind would want it? . This is Jonathan Raker of Raker s Slant; stay tuned for more breaching news and inclined commentary! . Sarah Whiting, young, attractive, techno-savvy home-body, researcher by trade, accepts a potentially lucrative offer to join a product/market analysis team that is performing the final evaluation of the believed technological breakthrough of the century before its release to the public. . New Smartbrain Technology interfaces advanced smartphone capabilities directly with the human brain. But revelations about the technology s true origins, its potential consequence for the human brain, for society, and for this lonely backward planet, have Sarah second-guessing herself, and her sanity, when she falls for one of the engineers of the tech and is suddenly swept into a dangerous ruse of deception that may just be her imagination, or may threaten the entire world. . A Two-part Novel in one Volume- Printed Pages: 495 . . Are you interested in receiving a FREE printed or eBook copy of Smartbrain? Click on the author...
