Indigenous Development in the Andes: Culture, Power, and Transnationalism

Filesize: 3.45 MB

Reviews

A brand new e book with a new perspective. Better then never, though i am quite late in start reading this one. I found out this ebook from my dad and i advised this publication to find out.

INDIGENOUS DEVELOPMENT IN THE ANDES: CULTURE, POWER, AND TRANSNATIONALISM

DOWNLOAD PDF

Duke University Press. Paperback. Book Condition: new. BRAND NEW, Indigenous Development in the Andes: Culture, Power, and Transnationalism, Robert Andolina, Nina Laurie, Sarah A. Radcliffe, As indigenous peoples in Latin America have achieved greater prominence and power, international agencies have attempted to incorporate the agendas of indigenous movements into development policy-making and project implementation. Transnational networks and policies centred on ethnically-aware development paradigms have emerged with the goal of supporting indigenous cultures while enabling indigenous peoples to access the ostensible benefits of economic globalization and institutionalized participation. Focused on the Andean countries of Bolivia and Ecuador, "Indigenous Development in the Andes" is a nuanced examination of the complexities involved in designing and executing 'culturally appropriate' development agendas. Robert Andolina, Nina Laurie, and Sarah A. Radcliffe illuminate a web of relations between indigenous villagers, social movement leaders, government officials, NGO workers, and staff of multilateral agencies such as the World Bank. The authors argue that this reconfiguration of development policy and practice permits Ecuadorian and Bolivian indigenous groups to renegotiate their relationship to development as subjects who contribute and participate. Yet it also recasts indigenous peoples and their cultures as objects of intervention and largely fails to address fundamental concerns of indigenous movements, including racism, national inequalities, and international dependencies. Andean indigenous peoples are less marginalized but they face ongoing dilemmas of identity and agency as their fields of action cross national boundaries and overlap with powerful institutions. Focusing on the encounters of indigenous peoples with international development as they negotiate issues related to land, water, professionalization, and gender, "Indigenous Development in the Andes" offers a comprehensive analysis of the diverse consequences of neoliberal development, and it underscores crucial questions about globalization, governance, cultural identities, and social movements.
