The first installment of a sexy series about a modern-day heroine writing historical novels based on her romantic misadventures with the Bad Boy Billionaire.Jane Sparks has accidentally announced her engagement on Facebook--to the infamous Bad Boy Billionaire, Duke Austen. As soon as it s discovered that Jane and Duke barely know each other (one hot kiss at a party does not a relationship make), she ll be completely humiliated. And then Duke does something Jane never expected: He plays along with her charade.With his hard-partying playboy reputation jeopardizing a 150-million-dollar investment deal, Duke realizes an engagement with the sexy but oh-so-proper librarian could be just the thing to repair his reputation. This good girl tempts him to be very wicked . but only with her. It s unprecedented. Inconceivable. Totally alluring.As the unlikely match of librarian and tech entrepreneur set out to convince the world--and the internet--that their love is real, something unexpected happens: They start falling for each other. But Jane is secretly writing a historical romance novel that could expose their carefully constructed romance . unless two perfect strangers are content to be perfectly scandalous together.
